Motion to approve minutes from June 19th, 2018 Barge Commission meeting was made by Doug Ewing. Second by Ryan Uhlmeier.

Absent: Doug Matlick and Roger Houston

Introductions were made with committee and Cole O'Donnell the new City Administrator.

Doug discussed some of the potential uses for the barge from previous meetings also where we are at this time since Aaron has left. Cole said he has not been on the barge since it's been here but had been on it in Davenport.

Cole had looked at plans from Aarons files. Said he would talk to Aaron and get the names of his contacts in Burlington. Also mentioned the remodel of the Holiday Inn Express and he will talk to Patel in regard to the remodel and maybe they would be interested in investing. He would also talk to the City Manager of Burlington, Jim at Fun City/Catfish Bend. He stated it would be the cities responsibility to get the mooring done and the walkways connected.

Tonya has tried to get in contact with Joe Morgan and Jay Scott about taking video of barge that we could use to send to potential developers but with no luck.

We discussed the cleanup of the barge and have volunteers to help with that and maybe get auctioneer in to sell any items salvageable.

Motion to adjourn the meeting made by Tonya Boltz, second by Profeta. Motion carried.

Meeting adjourned at 4:30.
