The applicant must provide picture ID at both the physical fitness test and written testing.

The written examination is basically one of general knowledge including mathematics, grammar, reading comprehension and incident report writing. It is the "Police Officer Selection Test" (POST - and has been chosen by the Law Enforcement Academy as the standard in Iowa.)

If you have taken the POST exam in the last 6 months, please notify the Police Department. Your previous score could be accepted, and you may not be required to take the POST exam at this time. You will be required to take the physical agility test.

There are four sections to the written exam and the applicant must pass each section. The Civil Service Commission will certify a list of applicants as eligible for appointment to the Police Department.

The Commission will notify you in writing as to whether you have passed the written exam.

If your name is placed on the certified list, it does not mean you are now employed by the City. It does mean, however, that any appointments must be made from this list and it can be anyone on the list at the option of the appointing authorities.

It is the intent of the Commission to hold police and fire exams as often as required by law with each past list expiring when the new one is certified. This means that if you have not been appointed by the next exam, you would again have to qualify.

PLEASE RETURN THE APPLICATION TO THE ADDRESS ON PAGE 1. Because of the processing time involved you must return your application by NOON on Wednesday, January 25, 2023.

If you have served in the Armed Forces and wish to claim Veteran's Preference as set out in the Iowa State Code, attach a copy of your DD Form 214 to your application.

The Civil Service system in the City of Keokuk, Iowa is administered by a three-member Civil Service Commission appointed by the Mayor and confirmed by the City Council for six-year overlapping terms.

The Hiring Process: Special Considerations for Law Enforcement Officers

Law enforcement officers in Iowa must meet minimum standards established by the Iowa Law enforcement Academy (ILEA), found at 501 IAC Chapter 2, and be certified as provided in 501 IAC Chapter 3.

Minimum Standards

To be hired as a law enforcement officer in Iowa a person must:

- A. Meet the following requirements at time of hire:
 1. be a United States citizen and resident of Iowa and live within 45 minutes of the Keokuk Police Department;
 2. be 21 years of age at the time of testing;
 3. have a valid Iowa driver's license or chauffeur's license;
 4. not be addicted to drugs or alcohol. [This provision is modified for civil service positions by Iowa Code Section 400.17, which provides that a person shall not be appointed or employed in any capacity in the police department if the person is addicted to narcotics or alcohol.]
 5. be of good moral character as determined by a thorough background investigation including a fingerprint search, and not have been convicted of a felony or a crime involving moral turpitude or domestic violence;
 6. successfully pass physical fitness tests adopted by the ILEA;
 7. not be opposed to use of force to fulfill duties;

 11. be examined by a physician and meet the physical requirements necessary to fulfill the responsibilities of a law enforcement officer as per Municipal Fire and Police Retirement System of Iowa (MFPRSI) regulations.
- B. Undergo psychological testing; and
- C. Undergo cognitive testing.

Civil Service commission and law enforcement agencies may apply different tests and impose higher standards than the minimum standards set by the ILEA, as long as the minimum standards and tests are successfully passed and met. [501 IAC 2.2(9),2.3]

Cities

The minimum standards apply to cities regardless of population, i.e., regardless of whether a city is covered by the civil service law. The requirements apply to the hiring of all full-time and part-time officers except reserve officers, and to the hiring of a Chief of Police.

Certification

All law enforcement officers must be certified through the successful completion of training at a facility approved by the ILEA. The hiring agency must provide the ILEA with verification that the minimum standards specified above have been met. Officers have one year from the date of hire to become certified.

What Might Disqualify an Applicant?

- If you are late for any phase of the testing or hiring procedure.
- If picture ID is not presented at testing site.
- If you have been convicted of, or committed, a felony.
- If you have used marijuana in the last 12 months.
- Use of any other illegal drugs in your lifetime will be evaluated.

- If you do not pass the psychological exam.
- If you do not pass a comprehensive medical exam and meet physical protocol as set by the Municipal Fire and Police Retirement Systems of Iowa Board of Directors.

IOWA LAW ENFORCEMENT ACADEMY

PHYSICAL TESTING STANDARDS

The Iowa Law Enforcement Academy Council, in recognizing the importance of physical fitness in job performance, established the physical test regimen as a pre-employment standard effective February 15, 1993. Provisions were modified and effective August 6, 2020.

No person can be selected or appointed as a law enforcement officer without first successfully passing all of the elements of this test, as prescribed in 501 IAC 2.1(6), adopted pursuant to Section 80B 11(5), Code of Iowa)

Upon entry into the Academy, every recruit will be given the same test as an assessment for training purposes and to ensure that each recruit can undergo the physical demands of the Academy without undue risk of injury. If, at the time of entrance to the Academy, an officer does not meet minimum standards, he or she will not be admitted.

The physical fitness test established by the Council consists of three events:

1. 1 Minute Push-Up Test

The push-up event measures the endurance of the chest, shoulder, and triceps muscles. Recruits will have one minute in which to do as many push-ups as they can.

2. 1 Minute Sit-Up Test

The sit-up event measures the endurance of the abdominal and hip-flexor muscles. Recruits will have one minute to perform as many sit-ups as they can.

3. 1.5 Mile Run

The 1.5mile run is used to assess your aerobic fitness and your leg muscles' endurance. They must complete the run without any physical help. They are being tested on their ability to complete the course in the shortest time possible. Although walking is authorized, it is strongly discouraged.

STANDARDS

All recruits are required to meet the standards of the 40th percentile for each age and sex group.

	<20-29	<20-29	30-39	30-39	40-49	40-49	50-59	50-59	60-65	60-65

PHYSICAL TESTING STANDARDS

TEST ADMINISTRATION

At the beginning of each physical test, the grader will provide the following directions:

1 Minute Push-Up Test

On the command 'get set,' assume the front leaning rest position by placing your hands where they are comfortable. Your feet may be together or up to 12 inches apart. When viewed from the side, your body will form a generally straight line from your shoulders to your ankles. On the command 'go,' begin the push-up by bending your elbows and lowering your entire body as a single unit until your upper arms are parallel to the ground. Then, return to the starting position by raising your entire body until your arms are fully extended. Your body must remain rigid in a generally straight line and move as a unit while performing each repetition. If you fail to keep your body generally straight, to lower your whole body until your upper arms are parallel to the ground, or to extend your arms completely, that repetition will not count, and the scorer will repeat the number of the last correctly performed repetition.

An altered, front-leaning rest position is the only authorized rest position. That is, you may sag in the middle or flex your back. When flexing your back, you may bend your knees, but not to such an extent that you are supporting most of your body weight with your legs. You must return to, and pause in, the correct starting position before continuing. You may not rest on the ground or raise either hand or foot from the ground. You may reposition your hands and/or feet during the event as long as they remain in contact with the ground at all times. You will have one minute in which to do as many push-ups as you can. Watch this demonstration.

1 Minute Sit-Up Test

The sit-up event measures the endurance of the abdominal and hip-flexor muscles. On the command "get set", assume the starting position by lying on your back with your knees bent at a 90-degree angle. Your feet may be together or up to 12 inches apart. Another person, or object, will hold your feet or ankles. The heel is the only part of your foot that must stay in contact with the ground. Hands must remain on or about the head. On the command "go", begin raising your upper body to the up position. In the up position, elbows should touch the knees or the upper portion of the thigh. In the down position, the back must come down so that shoulder blades touch the floor. Your arms and elbows need not touch the ground. A repetition will not count if you fail to reach the up position, fail to keep your hands on your head, arch or bow your back and raise your buttocks off the ground to raise your upper body, or let your knees exceed a 90-degree angle. If a repetition does not count, the scorer will repeat the number of your last correctly performed sit-up. The up position is the only authorized rest position. You may not stop and rest in the down position. You must make a continuous physical effort to sit up. You may not use your hands or any other means to pull or push yourself up to the up position or to hold yourself in the up position to rest. You will have one minute to perform as many sit-ups as you can. Watch this demonstration.

1.5 Mile Run

The 1.5mile run is used to assess your aerobic fitness and your leg muscles' endurance. You must complete the run without any physical help. At the start, line up behind the starting line. On the command 'go,' the clock will start. You will begin running at your own pace. To run the required 1.5miles, you must complete (describe the number of laps, start and finish points, etc.). You are being tested on your ability to complete the course in the shortest time possible. Although walking is authorized, it is strongly discouraged. You may not be physically helped in any way (for example, pulled, pushed, picked up, and/or carried) or leave the designated running course for any reason. Note: It is legal to pace during the run as long as there is no physical contact and it does not physically hinder others taking the test.
